Background

The 1 CD of the revision of OIML R 126 was posted for comments on 2016-04-06.

At that time, four countries posted relevant comments which led to an extended revision of the CD.

These comments and the revisions of the CD were considered in successive meetings of the Project Group and many intermediate documents were posted on the PG workspace and discussed online, leading to a large number of changes to the text and to the comments themselves.

For these reasons, it is considered that including the comments received for the 1CD in the package for the 2 CD would be irrelevant. All the information is available in the PG workspace:
